

Overview of Europeana 280

Everyone can discover treasures from Europeana 280 online. A series of virtual events and digital installations across Europe from April to November 2016 made it possible to get involved in the #Europeana 280 campaign in person. You can still enjoy artworks from all 29 countries in our unique virtual exhibition, *Faces of Europe*. And all of this has been supported by an ongoing social media campaign - be part of the campaign by joining us on Facebook and Twitter and follow, share and tweet - #Europeana 280

Virtual exhibition: *Faces of Europe*
