Europeana Network Association

TRANSFORM YOUR WORLD WITH CULTURE

"I believe in a 'hands-on' approach to change. Through our joint efforts, this network can contribute to a more culturally reflective and rich society"

- Merete Sanderhoff (Chair Europeana Network Association)

Who we are and what we stand for

Our goal? Making a cultural impact on Europe – together.

Who we are. Our Europeana Network Association is a dedicated group of experts working in the field of digital heritage. We are united by a shared mission to expand and improve access to Europe's digital cultural heritage.

What we stand for. We bring together the organisations that have heritage to share with the people and sectors who want to view, share and build with that heritage. We believe in creative collaboration and teamwork. We do this by working closely with a broad community of cultural heritage, creative and technology professionals with the collective goal of making a cultural impact on Europe.
