Etiquette

Europeana encourages inclusive conversation and collaboration during all aspects of the conference. When in communication with others, we will strive to hold thoughtful and considerate conversations. This means, we ask all conference participants to:

- Listen (and read) with the same energy and focus with which they want to be heard.
- Embrace a learning mindset, be aware of their own biases, and have the courage to be curious about what they do not know or understand.
- Respect all points of view, hold space for multiple perspectives and lived experiences to influence what we do and why we do it
- Own any errors made, apologise, and make amends
- Maintain that any person has the right to speak up and identify when a boundary has been crossed.
