1. **INTRODUCTION**

This document gives guidance to the coordinators and consortia to prepare the periodic and final reports, submission of which is a contractual obligation, specified in Article II.4 of the Grant Agreement. It applies to Pilot Projects, Thematic Networks and Best Practice Networks.

The Commission evaluates the reports and deliverables in accordance with Article II.5 of the Grant Agreement. It may be assisted in this task by independent experts through technical project reviews (Article II.29 of the Grant Agreement). Payments are made after the Commission's approval of reports and/or deliverables.
2. **REPORTING REQUIREMENTS**

2.1. *During the course of the project, you should submit*

1. The *deliverables* identified in Annex I of the Grant Agreement, according to the timetable specified in the Deliverables list.

2. A *periodic report* (see section 3) no later than 60 days after each reporting period\(^1\) (including the last reporting period), which includes:
   
   a) *the progress report*, including a *publishable summary*, containing information about the progress of work together with information on the resources employed;

   b) *financial statements and summary financial report*, *including certificates, where required;* in the case of Thematic Networks, only a summary financial report is required.

3. Any other information to be supplied in response to a request by the Commission.

2.2. *At the end of the project, you should submit*

A *final report* no later than 60 days after the end of the project, which shall comprise a *final publishable summary* covering results, conclusions and socio-economic impact of the project.

2.3. *After receipt of the final payment from the EC*

The *report on the distribution of the Community financial contribution between beneficiaries*\(^2\) shall be submitted to the Commission after the project and not later than 30 days after receipt of the final payment.

---

\(^1\) as defined in Article 4 of the Grant Agreement.

\(^2\) see Annex 4 to the "Guide to Financial Issues relating to ICT PSP Grant Agreements"
2.4. **Format of the reports and transmission modalities**

The format of the reports and the transmission modalities are specified in Articles II.4(4) to II.4(6) of the Grant Agreement.

The consortium shall transmit reports in one original (paper) and one electronic copy. The preferred format for the electronic version is PDF.

The date of receipt of the original (paper) copy by the Commission is taken into account for the time limits set in the Grant Agreement for the submission of reports.

Deliverables identified in Annex I of the Grant Agreement shall be submitted as described therein. If there is no specific requirement foreseen in Annex I of the Grant Agreement and if not otherwise requested by the Commission, then by default the same applies as for reports, i.e. one original (paper) and one electronic copy. A template for the cover page and a list of quality requirements for deliverables are given in Annex II of this document.

The reports submitted to the Commission, in particular their publishable parts have to be of a suitable quality to enable direct publication without any additional editing. By submitting publishable text to the Commission, the consortium is also certifying that it includes no confidential material.
3. **THE PERIODIC REPORT**

The periodic report includes both the progress report, financial statements and – where required - financial certificates. An online tool is provided by the Commission allowing to upload the progress report and to generate the financial statements.

In addition to the electronic version, the full periodic report (progress report + financial statements + financial certificates) has to be submitted to the Commission also in paper with original signatures.

3.1. **The progress report**

The progress report is uploaded in four parts, described below (see also Annex I). The preferred format is PDF, except for the "use of resources", which should be uploaded in spreadsheet format.

3.1.1. **DECLARATION BY THE PROJECT COORDINATOR**

This declaration has to be signed by the project coordinator and a scanned copy uploaded.

3.1.2. **PUBLISHABLE SUMMARY**

The publishable summary is a self-standing document covering issues such as a summary description of the project objectives, a description of the work performed since the beginning of the project, a description of the main results achieved so far, the expected final results and their potential impact and use.

3.1.3. **PROJECT PROGRESS**

This part reports on objectives, progress, achievements and project management.

3.1.4. **USE OF RESOURCES**

This part is only mandatory for projects using reimbursement of actual cost and includes:

- An overview table of the cumulative effort in person-months per work-package and beneficiary
- One table per beneficiary detailing the cost items in the period.
3.2. **The financial statements and financial certificates**

The financial statements form an integral part of the periodic report. They are generated online by the respective beneficiaries and then printed signed and sent to the Commission together with the progress report.

### 3.2.1. Financial statements for reimbursement of actual cost

For projects with reimbursement of actual cost (all project types except thematic networks) the following has to be submitted:

- a **financial Statement** from each beneficiary

- a **summary financial report** consolidating the Community contribution claimed by all the beneficiaries in an aggregate form, based on the information provided in the financial form of each beneficiary.

### 3.2.2. Financial statement for reimbursement through lump sums and scale-of-unit costs

Reimbursement through lump sums and scale-of-unit costs is only used in Thematic Networks. In this case only a simplified **summary financial report** by the coordinator is requested.

### 3.2.3. Financial Certificates

Financial certificates have to be submitted where required by Article II.4(7) of the Grant Agreement. Certificates on financial statements are required for claims of interim and final payments where the cumulative amount of payments requested by a beneficiary is equal or superior to EUR 325,000. For detailed requirements, specifications and templates please see the guidelines document called "Certification of Financial Statements for ICT PSP projects".

When financial certificates are required they must be signed by an authorised person of the auditing entity and sent at the end of the process by post together with the financial statements.

More details on financial statements and their format can be found in the Guide to Financial Issues relating to ICT PSP Grant Agreements.
4. **THE FINAL REPORT**

The final report is intended for public distribution and comprises a comprehensive summary of results, conclusions and the socio-economic impacts of the project. The report shall be formatted to be printed as a stand alone paper document. This report should address a wide audience, including the general public.

Please ensure that it:

- Is of suitable quality to enable direct publication by the Commission.
- Is comprehensive, and describes the work carried out to achieve the project's objectives; the main results, conclusions and their potential impact and use (including the socio-economic impact and the wider societal implications of the project). Please mention any specific target groups for whom the results could be relevant.
- Includes where appropriate, diagrams or photographs and the project logo, illustrating and promoting the work of the project.
- Provides the following information:
  - List of all beneficiaries with the corresponding contact name and associated coordinates
  - The address of the public Website of the Project as well as relevant contact details.
- Includes a section with a list of completed and planned dissemination activities (publications, conferences, workshops, web, press releases, flyers, etc) in free text format. Where Articles have been published (in specialised media or in the popular press), please provide a list as well.

- If applicable, propose corrective actions.
## 3. Deliverables and milestones tables

**Deliverables (excluding the periodic and final reports)**

Please list all the deliverables due in this reporting period, as indicated in Annex I of the Grant Agreement. Deliverables that are of a nature other than written "reports", such as "prototypes", "demonstrators" or "others", should also be accompanied by a short report, so that the European Commission has a record of their existence.

If a deliverable has been cancelled or regrouped with another one, please indicate this in the column "Comments".

If a new deliverable is proposed, please indicate this in the column "Comments".

This table is "cumulative", that is, it should always show all deliverables from the beginning of the project.
